# ABOUT FRESH AIR CAMP

Fresh Air Camp is a 5-night, 6-day overnight camping experience for children 5 – 18 years who are ventilator dependent. Camp is held the second week of June at Camp Cheerful

There is no cost for the child. The camp is a grant and donation funded program.

The program was developed by volunteers from the following organizations:

Akron Children's Hospital

Cleveland Clinic Children's Hospital

Cleveland Clinic Children's Hospital for Rehabilitation

MetroHealth Medical Center

Rainbow Babies and Children's Hospital

The Camp is staffed by medical professionals from local pediatric hospitals. Each Camper is assigned a medical professional and non-medical buddy. Cabins are staffed by medical professionals at night. A physician is on site 24 hours/day. Campers must have physician clearance to attend.

## VOLUNTEERS NEEDED!

If you would like to make a difference in a child's life, and in your life, be a VOLUNTEER. We are always looking for new volunteers to help provide a wonderful experience for our campers. Many of these children have never had a chance to attend a slumber party or even spend a night away from home, except in a

hospital. Our campers are able to experience a slumber party, with emphasis on "the party"; they enjoy many firsts:

Fishing trips – swimming – horseback riding – starring in a talent show. They sit around a campfire, listen to ghost stories, play pranks, and in general, do what children are supposed to do at camp, HAVE FUN. In the process, they help us learn more about ourselves and what it means to live life to the fullest.

Come experience Fresh Air Camp. You'll never be the same.
