

Autumn 2024

We've Moved!

The Czack Hobbs Law Firm's New Office Location

The Czack Hobbs Law Firm is excited to announce our new office location at 6500 Rockside Road, Suite 300, Independence, OH 44131.

This move represents our commitment to better serving our clients in a more convenient and accessible location. Our new office is centrally located to all parts of Northeast Ohio and makes it easier for our clients to reach us.

As always, you can expect the same dedication, personal service and expertise we have always provided, except now, with enhanced facilities to ensure a comfortable and professional experience. We look forward to welcoming you to our new space and continuing to fight for our personal injury clients.

You Won't See Us on Billboards or Buses

At the Czack Hobbs Law Firm, we don't believe in flashy billboards, TV, or bus ads to seek attention. Instead, we trust in something far more meaningful: **our experience, our proven results, and—most importantly—you.** It's your trust and the referrals of other accident victims that have allowed us to grow and continue serving those in need. Every referral you make speaks volumes about your confidence in us, and we are profoundly grateful for your support.

You are the reason we strive to make a difference, both inside and outside the courtroom. We are grateful for you!

New Protection for Nursing Home Residents

Esther's Law

At The Czack Hobbs Law Firm, we are committed to advocating for the safety and well-being of nursing home residents.

One significant development in this area is Esther's Law, enacted to enhance protections for vulnerable individuals living in long-term care facilities.

Named after Esther Piskor, a nursing home resident who was tragically abused by caregivers, this law, passed in 2022, empowers families to install video cameras in residents' rooms. This surveillance provides an additional layer of security and transparency, allowing loved ones to monitor care and ensure accountability of nursing homes and assisted-living facilities.

By enabling families to observe conditions and interactions, Esther's Law offers peace of mind and deters potential mistreatment. The law also emphasizes residents' rights to privacy and consent, ensuring that video monitoring is only used with proper authorization.

At Czack Hobbs, we support the proactive measures Esther's Law provides, and we remain dedicated to protecting the rights and dignity of nursing home residents. Contact our office at (216) 696-9216 to learn more.

2024 Client Appreciation Day

We would like to extend our heartfelt thanks to all who joined us for The Czack Hobbs Law Firm's Client Appreciation Event at the Cleveland Zoo on September 28th. Your presence made the day unforgettable, and it was a privilege to celebrate with you in such a unique setting.

We hope you enjoyed the opportunity to connect with us in a more relaxed setting while exploring the wonders of the zoo. We look forward to continuing to serve you and appreciate your trust in us.

Hurt at Work? New Workers' Compensation Rules in Ohio *What You Need to Know*

Ohio has made several key updates to its workers' compensation laws that impact both employees and employers. As of 2024, the Ohio Bureau of Workers' Compensation (BWC) introduced new provisions that streamline the claims

process and alter compensation benefits for injured workers. These changes aim to improve the efficiency of the system and ensure fair treatment for all parties involved.

One major update includes a quicker review process for initial claims, allowing injured workers to receive medical attention and benefits sooner. Additionally, new rules have adjusted compensation for certain types of injuries, particularly those involving repetitive strain or long-term exposure to harmful conditions, making it easier for workers in these situations to qualify for benefits.

If you or someone you know was injured while on the job, contact The Czack Hobbs Law Firm at **(216) 696-9216**.
